HERITAGE BAPTIST COALITION

HBC is 21st Century Missions

...unto the furtherance of the gospel. Philippians 1:12

July 2015

The Lord is opening many doors of opportunity in India for the ministries supported by HBC. In July, while teaching the HBC theology module, Dr. Phil Ninan visited Heritage Baptist Academy in the city of Thirayoor, near Trichy. This month's newsletter focuses on the work God has begun at the Academy and shares our vision of this amazing opportunity to touch the lives of Hindu children and their families.

Heritage Baptist Academy

To the glory of God, Heritage Baptist Academy opened in June with 61 students from pre-K to third grade. Our goal is to provide these children, mostly from lower caste Hindu families, with a quality education and give them personal exposure to the wonderful Gospel.

The Academy serves as a bridge to the community and gives us access to the village without opposition. Parents, who are financially unable to give their children a good education, have welcomed this school. We pray they too will one day accept Christ through the staff of the school or local church.

Lunch break at the Academy

Land for future expansion

Praise, Prayer, and Support

Two weeks ago 13 people accepted Christ for salvation during Dr. Ninan's trip to Trichy.

Some were hesitant to become real born-again Christians, due to fear of persecution from family and friends.

HBC would like to purchase land to expand the Academy to 12th grade and consolidate the ministries – \$160,000. A quality building would double the cost.

Mini-bus for Academy – \$18,000 given, \$5,000 more is needed.

Support an Academy student – \$30/month

Support a Pastor - \$200/month

It would be ideal if the Heritage Baptist Academy, along with the Theology school, orphanage, and sewing classes were on a single campus. The land pictured above has ten acres and costs \$160,000. The Lord has shown Himself faithful and we believe God can supply this need – He is Jehovah-Jireh. Can you help?
